**Fair Skies and Super Cycling**

*Written by Paul Currier, Leader*

Once again we enjoyed a beautiful winter's day for our 14th New Year's Cycling - blue skies, mid 40s, but with a bit of a breeze; just enough to keep the sweat from forming on our brows.

Starting once again in North Falmouth, we rode to our first stop and regroup - Old Silver Beach. There we watched an exciting surf glider demonstrate his skills - we were pretty much in agreement that he was not on his first trip. Over to the right were the Old Silver dippers doing their usual NYD frigid plunge. To each his/her own!

Continuing along streets and the Shining Sea bike path to Woods Hole, we cycled through the scenic Gunning Point and Racing Beach areas.

HAPPY NEW YEAR!

As we begin 2017, I want to wish you and your families all the best for a healthy and rewarding new year.

This is the time of year when most people think about self-improvement. Year after year, the top New Year’s Resolution is to lose weight and get in shape. Well, AMC has great news for you! No need to sign up for one of those expensive gym memberships. Despite the weather turning cold, there is still plenty of opportunity to get outside and participate in an AMC sponsored activity.

The dedicated leaders of the SEM Chapter have a full slate of activities planned to get you outside. From local weekly hikes in the Blue Hills and on the Cape, to challenging winter hikes in the White Mountains, there is something for everyone. Want to learn to cross-country ski? Check out the local adventure planned by our ski leaders for January 29th! Afraid you might be cold? Our well-trained leaders will show you how to dress in layers, wear the proper footwear, and carry the right equipment. Guaranteed you won’t be cold!

If you haven’t been to our website lately, check it out. All our activities are listed here. Get your family and friends involved and participating with you by sharing our newsletter and activities with them. Participants do not have to be members to share in the excitement, so encourage them to join you.

See you all outside!

Upon arriving in Woods Hole we stopped at the ferry terminal and fortunately found a Good Samaritan to take pictures of our group in and around a huge wreath.

We proceeded to Coffee O (awesome hot chocolate!) for refreshments followed by the return trip, taking in Nobska Light and Martha’s Vineyard. The skies were the bluest of blue and we could see the lighthouse on Gay Head—the first time I recall being able to pick it out from Nobska.

Next was the return trip along the Shining Sea path which was of course offering numerous splendid views of bays, Sippewisset Little and Great Marshes, ocean, birds, bogs, and a beautiful ending for another enjoyable ride.

Returning riders from 2016: Barbara Gaughan, Bernie Meggison, Joe Tavilla, and me. New riders joining us this year included Robyn Saur, Bill Brown, Jeffrey Hyman, and Julia Slatkiewicz, an AMC’er from Taunton.

Volunteer of the Month:
Joanne Staniscia

On a clear day, you can see the lighthouse!

Each month the SEM recognizes one of our amazing volunteers. We are thankful for the wonderful people who donate their time and energy to lead terrific trips. This month the Hiking Committee recognizes JOANNE STANISCIA for her continuing contributions.

Joanne has been an active leader with the Southeastern Mass Chapter for the past few years leading local hikes, particularly for the SEM’s Thursday Morning hikes. She has been hiking for many years with the Southeastern MA Chapter in all four seasons and is known to many. She is quick with a smile, has a positive outlook and a dry sense of humor. Her hikes are always well planned out (you may see her on the trail pre-hiking her route) and very well attended.

Thank you, Joanne, for all you do!

Joanne will receive a Volunteer of the Month Certificate and a $50 gift card.
Intro to Snowshoe Hiking and XC Skiing

Written by Paul Brookes, Hiking Leader

Test out your new winter skills and/or equipment with a weekend of hiking, cross country skiing, and snowshoeing, depending on winter conditions. Our Hiking and Skiing Committees are sponsoring an introduction to these winter sports Feb. 10-12 at the Noble View Outdoor Center in Russell, MA, about two hours west of Boston.

The weekend is capped at 28 people, based on the two cottages we have reserved. There are still some spots left, but if you’re interested email Walt Granda, the registrar, sooner rather than later. In past years this trip has filled up fast.

I’ve been to Noble View a few times and can vouch for it: It’s a ton of fun and very social. You can go on morning and afternoon hikes or skiing, or just sit in front of the fire reading. Bring your own wine or beer and enjoy chatting, or playing board games or cards in the evening.

The registration fee of $105 per person for AMC members/$115 for non-members includes two nights lodging and meals. You arrive late afternoon Friday and get settled in during the evening. Dinner Friday night is provided, as well as breakfast, lunch, and dinner on Saturday and breakfast Sunday (left-overs Sunday).

I have sent in my reservation for the weekend and will be leading a Saturday morning hike in boots or snowshoes, depending on how much snow there is. There will also be leaders who will be doing cross-country skiing (again if there’s enough snow). All told, it’s a really fun weekend! Here’s the listing.

For questions or to register, contact Walt Granda, 508-999-6038 before 9 p.m., or wlgranda@aol.com.
As members of the AMC we tend to be more conscious of the outdoors and how fragile it is. We take Conservation and Leave No Trace seriously and have a desire to preserve the outdoors for those who come after us.

With that, I want to tell you about a room. Some of us have seen this room. Some choose to ignore it. Some have never seen it. It is the largest room in existence. It is the Room For Improvement. When we practice Conservation of our Outdoors, there is always the Room For Improvement. Let me cite some examples:

When you are hiking after a rain, do you go around the puddles?

When there is a tree down in the trail do you make a new trail around it?

Do you throw out that peach pit or apple core onto the shore from you canoe?

Do you leave your trash bag home when you go out?

Do you leave the filled doggy-doodoo bags at the trailhead thinking someone will pick them up?

Do you only snowshoe because you can’t see the debris below the snow?

These are only a few areas that we can improve on as individuals and especially as a group.

That one plant I stepped on going around a puddle may survive, but may not survive the twenty more feet that are behind me. That apple core may rot in place and become compost for the flora, but the twenty other cores are likely to make the fauna sick.

We all have to enter that Room For Improvement. In this room we will find Training, Information and Wisdom. If we take what we learn in the Room and apply it to our outdoor activities we will be able to preserve the Outdoors for many generations.

I recently went to the Room and read a great article in AMC Outdoors by Karen Ingraham titled “How to Reuse and Recycle Outdoor Gear.” She has some great and easy ideas that we can apply to our Outdoor Activities. Please give it a read, and enter the Room For Improvement.

Become a Plant Conservation Volunteer

New England Wild Flower Society is seeking enthusiastic people who have a commitment to plant conservation and protecting natural habitats to participate in their Plant Conservation Volunteer Program. PCVs collect information on rare plants and their habitats across all six New England states. There are also opportunities to assist with invasive species removal, habitat management projects, and botanical surveys that benefit rare plants. The Society also offers free field trips and some learning opportunities to PCVs. Develop your botanical skills, put them to work, learn more about the flora of New England, meet others with similar interests, and help preserve your state’s natural heritage.

How to apply: You must be able to attend the annual 1-day training session held on a weekend in March/April for each of the New England states to review surveying protocols and PCV guidelines. The schedule for training sessions is on our website. To apply visit our website and fill out the electronic application by February 1st, 2017.

A New Headquarters for AMC

I am very excited to announce our purchase of a new headquarters building at 10 City Square in the Charlestown neighborhood of Boston. This location provides many of the elements we have been looking for, including more modern space, proximity to public transportation, green space, as well as room for future growth and access to a broader urban constituency.

Charlestown is a dynamic neighborhood and we expect our move will strengthen our current partnerships with Boston City Parks, the National Park Service, the Charlestown Boys and Girls Club, and others. 10 City Square is adjacent to City Square Park along the Freedom Trail and near the Boston National Historical Park and Bunker Hill Community College.

We will be using the proceeds of the sale of our Joy Street buildings for the purchase and renovation of 10 City Square. In the coming months, we will make the investments necessary to renovate the building and create a 21st century work and program space—an “outdoor hub,” we can all be proud of. We also expect to raise funds to offset some of these costs and allow us to pursue even broader mission opportunities for this space.

Much as we did in the 1970s with the purchase of 3 and 4 Joy Street, we will initially be occupying about half of the building. The remainder will be leased out, giving us flexibility for future growth and an important new income stream. Our exact move date depends on a number of factors, but for now I can tell you that it is likely no earlier than July 1, and no later than September 23 of 2017.

Buying the building is only the first step in our journey. We are looking forward to working with our staff, Boston chapter volunteers, and program partners to create the work and program space we want and a location that raises our public profile and celebrates who we are as an organization.

Thank you all for your support as AMC takes this important step forward.

New hiking thriller from AMC member Ray Anderson

Following his success with *The Trail*, AMC member Ray Anderson has published a second thriller about Karl Bergman, trail name Awol. In *Sierra* Bergman sets out on a thru-hike of the Pacific Crest Trail with his dog, Blazer, in hopes of returning home a better man. But the discovery of a dead body on the outskirts of the Anza-Borrego Desert threatens to embroil Bergman and his estranged son with a violent cartel moving drugs from Mexico to Canada.

Fri., Mar. 3-5. Winter Hiking Series Trip #4 - Lonesome Lake Overnight, White Mountains, NH. Join us for the fourth and final trip in our popular SEM Winter Hiking Series. On Friday, we will hike into the AMC Lonesome Lake Hut from the Lafayette Campground in Franconia Notch. After checking into the hut, we will have an opportunity to explore the beautiful Lonesome Lake area before enjoying our "social hour" and group-prepared dinner in the hut. Following our group breakfast on Saturday, we will offer one or more hikes to nearby peaks (probably Cannon Mtn. and or North/South Kinsman). After returning to the hut, we will once again get together for a social hour and group-prepared dinner. After breakfast on Sunday morning, we will pack up our stuff and hike back down to the trailhead for the drive back home. While the hike into the hut from Franconia Notch is relatively short, we will be carrying full winter packs and either hike on Saturday will be relatively challenging. In addition to appropriate winter-rated hiking boots and appropriate (non-cotton) clothing, we will require microspikes, snowshoes, and 10- or 12-point crampons for this trip. Since the bunkrooms are unheated, we well also require a winter sleeping bag rated down to AT LEAST zero degrees F. Participation in the SEM Winter Hiking Workshop and/or significant winter hiking/snowshoeing experience required to participate in this series. For the overnight trip, we will also give preference to those who participated in the earlier hikes in this winter series. L Paul Miller (508-369-4151 before 9:00 pm, paulallenmiller@verizon.net, Paul, an experienced SEM winter hiking leader and instructor, takes great pleasure in introducing three-season hikers to the many pleasures of winter hiking.)
