**Free Bike Safety Checks from AMC-SEM**

*By Bernie Meggison, Biking Chair*

On Saturday, June 16, I started the first AMC-SEM complimentary bike safety checks program. It was at the starting point parking lot on the Cape Cod Rail Trail in Dennis. Time frame: 9 a.m. to 1 p.m.

Thirty-nine bikes were checked for general safety issues: brakes, tires, shifting and bearings on the handle bars, pedals etc. In general, it was total success. Many people were interested to learn about AMC. I had a supply of our “Love the outdoors? Join the club!” flyers.

 Hopefully this effort will increase the awareness of AMC—and our SEM chapter. I’ll try to perform this service one day a week on weekends at these locations:

- Dennis Rail Trail
- Falmouth Rail Trail
- Nickerson State Park
- Cape Cod Canal

Thanks to you all for your support!
View from the Chair:
Have a Great Summer—Outside!

Summer is officially here and that’s when most people think about being outside. We have a full line-up of hikes—local hikes like our Red Line the Blue Hills series and, of course, the more challenging hikes up north in the “Whites” or out in the Berkshires. Several paddling trips on the Cape and some exciting destination bicycle rides are also coming up. Check out our activities on our website.

When you go on an AMC event this summer, why not ask a friend to come along? Hopefully, your friends will have a good time and will want to join the club, but AMC membership is not necessary to go on our hikes, bike rides, and paddles.

While we have several activities going on this summer, the Executive Board will be taking a brief break from our monthly meetings. The Breeze will not be published in July and August, but please continue to send your articles and photos to the Breeze editor so everybody can read about “How I spent my summer!” when we publish again in September.

This fall we will hold our first ever Chapter Retreat! Join us September 21-23 at Camp Burgess in East Sandwich for a weekend of biking, hiking, paddling, and socializing with some of the finest outdoor enthusiasts around, your fellow SEM members. Just think, you can take a bike trip, hike a trail, and paddle a kayak/canoe all in a single weekend and all in Southeastern Massachusetts. Plus we’ll throw in several special events and a couple of evening campfires, too. Further details can be found in the trip listing.

Hope to see you outside!

Mt. Monadnock hike via uncrowded Pumpelly Trail doesn’t disappoint
By Paul Miller, Communications Chair & Hike Leader

At 4.4 miles each way, the Pumpelly Trail is the longest route up to the 3,165-foot summit of Mt. Monadnock. But it’s also one of the least crowded routes and arguably the most scenic.

Rather than starting from the often-bustling park headquarters off Poole Road in Jaffrey, NH, the Pumpelly trailhead is at quiet Dublin Lake on Lake Road in nearby Dublin, NH. The trail starts out very gently through some pretty woods on Wildland Trust property, but eventually starts climbing steeply up to the Pumpelly Ridge. From there it keeps poking up above tree line, offering “teaser” views to the still-distant Monadnock summit.

Eventually, after passing the intersection with the Cascade Link and Spellman Trails, the Pumpelly Trail breaks free of the tree line. The dramatic views in several directions include one up to the summit, upon which many hikers can often be seen milling around. After passing several other trail intersections and alpine bogs, hikers finally start the final approach to the summit. Some steep and rugged sections include a few fun scrambles.

On Saturday, June 16, Walt Granda, Anne Duggan, Peggy Qvicklund, and I led seven other AMCers from the SEM and Boston Chapters up the Pumpelly Trail to the summit of Grand Monadnock. The weather was beautiful, the views excellent (as promised), and the trail uncrowded until we approached the summit. As could be expected on a nice day such as this, the summit was swarming with dozens of hikers of all shapes, sizes, and ages...who all appeared to be on a natural high.

We took in the expansive views and hungrily consumed our lunches on the summit, before heading back down to the trailhead. We descended via the same route, which in this direction offers nice views down to Dublin Lake for much of the way.
Volunteer of the Month: Janet Kaiser
By Cathy Giordano, Cape Hiking Vice Chair

Each month the SEM recognizes one of our amazing volunteers. We are so fortunate to have people give their time, energy, and resources to make our chapter one of the best! This month the Cape Hiking Committee recognizes Janet Kaiser for her numerous contributions.

Janet has introduced many a hiker to the uniqueness of Cape trails. She enthusiastically explores, pre-hikes, and leads enjoyable hikes in beautiful settings. Just as Janet followed the lead of AMC leaders before her, she recruits and encourages hikers to attend Leadership Training. But it doesn’t end there…Janet offers support and energy to help new leaders get started.

Impressed by well-maintained, clearly marked trails when she was summiting Mount Washington in 1984, Janet gratefully joined the Appalachian Mountain Club. She quickly became a dedicated peak bagger, hiking the remaining NH 4,000-footers over the next eight years.

Now an AMC life member, Janet still finds it rewarding to introduce a Cape trail to new hikers. She finds great joy in discovering new trails and vistas under the direction of our newer AMC-trained, highly competent hike leaders!

Janet will receive a Volunteer of the Month Certificate and a $50 gift card.

We ❤ Volunteers!

Sept. 21-23, 2018

Come join your fellow AMC-SEM members at our first-ever Cape Cod Chapter Retreat weekend, September 21-23. We’ll enjoy the 300 acres of forests, fields, and freshwater ponds at the Camp Burgess Outdoor Education and Retreat Center in East Sandwich, MA.

We’ll offer a variety of hiking, biking, and paddling events to choose from during this fun weekend, plus workshops on bike maintenance/repair, map & compass orienteering, and even a yoga session (bring your mat). Socialize with your fellow SEMers while strolling the camp grounds, at the social hour before dinner, or on a pontoon boat cruise from the camp’s Spectacle Pond waterfront.

For the more adventurous, try the zipline or climbing wall. After dinner, gather around a campfire to share war stories or relax in the camp’s cozy lodge.

The weekend includes accommodations for two nights in gender-specific camp bunkhouses with bathroom facilities and hot showers; two breakfasts; two dinners; Saturday lunch; and two pre-dinner BYOB social hours…all for just $187 per person.

Discoveries at World’s End
Photos by Ken Cohen

Thursday, May 31, was a near-perfect weather-day for our five-mile hike at World’s End in Hingham. Leader Eva Borsody das, Ed Fopiano, and I had a very scenic, moderate to fast-paced trek. (I presume many of the usual Thursday participants were well into the Thursday cycling series.) The Thursday hikes will resume in September.
Yo-ho! Yo-ho! A-hiking we will go!

Additional AMC Fall Outdoor Events

If you can’t join us for our own Southeastern Mass. Chapter Retreat on Cape Cod, Sept. 21 to 23, you may want to consider two other outdoor options:

The AMC Fall Hiking Week, Sept. 28-Oct. 5, at Woodward’s Resort in Lincoln, NH. This event is being put on by our friends at the Connecticut AMC Chapter. There will be several guided hikes each day, ranging from easy to challenging. Last year they offered a total of 38 hikes over the week. All meals are included, as well as afternoon tea & cookies and pre-dinner social hour snacks/appetizers. Stay for the week or a few days. For registration information, a tentative hike schedule when it’s available, and any other information, please visit www.fallhikingweek.org. Registration deadline is Aug. 31.

The Connecticut chapter is also hosting an AMC Fall Gathering Oct. 12-14 in Woodstock, CT. Camp Woodstock on the shores of Black Pond offers heated cabins, unheated yurts, and a campsite with parking close by. Numerous hiking, biking, and paddling activities will be led by experienced local leaders. Additional activities will be offered at camp, and there are nearby sites for daytime touring. See details and registration information here.

**Speak Up for Conservation!**

**Campaign for renewal of the Land and Water Conservation Fund (#SaveLWCF)**

The Land and Water Conservation Fund (LWCF) is a visionary and bipartisan federal funding program for protecting our nation’s most special places. From Sterling Forest in the New York Highlands, to White Cap Mountain in Maine, to the Appalachian National Scenic Trail, LWCF has funded the protection of some of our most iconic landscapes and trails in the Northeast.

In December of 2015, after briefly allowing the LWCF to expire, Congress reauthorized the Land and Water Conservation Fund for three years. Now the clock is ticking down once more, with just three months to go until LWCF expires again on September 30, 2018. As a leader within the nationwide LWCF Coalition, AMC is calling on our elected officials to permanently reauthorize LWCF and provide full and permanent funding to unleash the true promise of this critically important conservation and recreation program.

**AMC Voices are Needed!**

Countless AMC outdoor trips have been hosted in places protected by this program, many of which may still be private property or would have been lost to development if not for LWCF. But one reason LWCF is threatened with expiration is that most people do not know its role in protecting the places they love. So, this year we are shining a light on this unsung hero of conservation!

For the year leading up to September 30, 2018, AMC and our LWCF Coalition partners launched the 52 Weeks Campaign to celebrate and feature every place that we could that has benefited from LWCF funding. This is a great opportunity to get outside to these places and share what you now know about LWCF. Encourage people to communicate with their elected leaders about permanent reauthorization of the fund.

**Call to Action:**

1. Schedule or attend a trip on LWCF-protected land between now and September 2018.
2. Share photographs on social media using the hashtag: #SaveLWCF.
3. Speak up by going to the Action Center on Outdoors.org and sending a letter on LWCF to your Members of Congress. Use the drafted sample letter to get started. We will also be keeping our #SaveLWCF webpage up to date with current news, events and ways to get involved: [http://www.outdoors.org/articles/blogs/conservation/savelwcf/](http://www.outdoors.org/articles/blogs/conservation/savelwcf/)
