Thumbs-up for first chapter retreat weekend
By Len Ulbricht, Chapter Vice Chair

Our chapter’s first-ever Cape Cod Retreat, held Sept. 21-23 at Camp Burgess in East Sandwich, offered a variety of experiences. In addition to hikes, bike rides, and paddles, those attending enjoyed workshops on bike maintenance and winter storage tips, landscape photography, and orienteering exercises with a compass. For the adventure-minded, there was a climbing wall and zip line, and for the easygoing, a pontoon boat ride on the camp’s lake. Social hour on that Friday even featured a graceful bald eagle cruising overhead! See more photos on Page 4.
View from the Chair: ‘A BIG Thank You!’

As I write my last “View from the Chair,” I wanted to take this opportunity to thank you, the SEM membership, for honoring me with the privilege to serve you as your Chapter Chair for the last two years. I also want to thank the SEM Board and all the wonderful leaders and volunteers who made the last two years a wonderful success for SEM.

As a Chapter, we have accomplished a lot in the last two years—way too many things to list here. However, I would like to highlight a couple of notable achievements. First, thanks to our nominating committee and many other volunteers, we now have almost a full slate of committee vice chairs. Two years ago many of these positions were listed as “OPEN”. Second, in the last year we have initiated a Young Members Group and they are off to a great start. Both of these accomplishments bode well for the future of our chapter.

I hope to see many of you at the Annual Meeting and Dinner on November 3rd to thank you in person. If you have not already signed up, please do so now. It promises to be a great time, at a great venue, and with a great speaker.

Hope to see you outside!

Joe Keogh honored at dinner celebrating 13th RLBH season

By Alan Greenstein

Nancy Coote organized a terrific dinner gathering held on September 27 to celebrate the conclusion of the 13th season of the ever-popular Thursday night “Red Line the Blue Hills” (RLBH) hike series. Twenty-five hikes were scheduled in 2018 between April and September, with one cancellation due to thunder and lightning.

Bill Cannon and Joanne Newton each completed 21 hikes and were rewarded with Blue Hills maps. In total, 84 hikers completed at least one hike. Sixteen hikers completed anywhere from the basic Redline Series (1st time completion) to the very impressive Gold Series, for those who have hiked every inch of every trail in the Blue Hills ten times or more.

Joe Keogh hands out a trail map of the Blue Hills for Bill Cannon, who completed 21 hikes. Photo by Bill Dougherty

Joe Keogh, principal hike leader for the series, was honored for his ten consecutive years of exemplary leadership, a highlight of the evening to be sure. Joe is a master at planning the hikes with the goal of covering every trail with a minimum of duplication, and facilitating the completion of the entire circuit in approximately 1.5 hiking seasons. He is appreciated for his strong, confident and patient leadership. Joe personally completed his Gold series (10 times around) in September, hiking 159 miles over 96.5 hours on the trail.

2018 Annual Meeting and Dinner

Special Guest Speaker
Carl Wirsen, Jr.
Woods Hole Oceanographic Institute will speak on
“The Deep Sea”

The deep sea (with an avg. depth of 2.3 miles) is the largest biosphere on Earth. While it covers more than 70% of our planet’s habitable space, the deep sea remains relatively unexplored and – until recently – was inaccessible to humans. Only three people have ever visited the deepest parts of the ocean, and for a total of less than three hours.

The relative sparse life forms in the deep must withstand total darkness, extreme cold, and great pressure. Any food sources are a result of photosynthesis at the distant surface.

New discoveries made in the deep sea have allowed astrobiologists to propose new questions and experiments in their search for life on other bodies in the solar system. Going “deeper” than the deep sea is a new effort to describe the potentially vast “deep subsurface biosphere.”

In his fascinating presentation, our guest speaker, Carl Wirsen, Jr., will discuss how new technologies, using advanced surface ships as well as human-occupied (HOV) deep diving submersibles, such as ALVIN; remotely operated vehicles (ROV), such as JASON; and autonomous underwater vehicles (AUV), such as SENTRY; are helping advance our understanding of these deep sea environments. Mr. Wirsen will discuss his long-time involvement with ALVIN, including his observations made after its accidental sinking in 1968 to ALVIN’s newest capabilities, such as the ability to dive to 20,000 ft.

Based on science, we know that our ocean is the major stabilizing resource on Earth, yet it is under assault from pollution sources such as plastic, over-harvesting of its biological resources, and increased warming and acidification from greenhouse gases. At the SEM Annual Dinner, Mr. Wirsen’s presentation should help us all put the AMC’s mission to help conserve the earth’s natural resources into even better perspective.

Prepare for outdoors winter fun at SEM workshop November 3rd

By George Danis, Hiking Vice Chair

In the winter months, many of us think about going skiing or escaping to somewhere warm, but have you thought about winter hiking and snowshoeing? Do you like to be active and outside, but the thought of getting cold keeps you indoors?

Then come join us on Saturday, Nov. 3, 2018, for an informative afternoon that will change your mind about hiking and being outdoors in the winter months. The workshop at the Bourne Community Center cafeteria runs from 12:30-3:30 p.m. with clothing and gear demonstrations. Light lunch/snacks will be provided.

You will learn about necessary clothing and gear, nutrition and hydration requirements, winter conditioning, winter issues and how to avoid them, and why we love to hike in the winter. The workshop is free to all and is a prerequisite (or prior winter hiking experience) to join us for the SEM Winter Hiking Series.

The workshop leaders are George Danis, Leslie Carson, Paul Miller, Ken Carson, Maureen Kelly, Eva Borsody Das, and Anne Duggan. To register, contact George at danisdad51@outlook.com or call 339-236-0597 before 9 p.m. After the workshop, join us for the SEM Annual Meeting & Dinner at the Bay Pointe Club in Bourne. (Registration is separate—see listing.)

The Bourne Veterans Memorial Community Center is located at 239 Main Street in Buzzards Bay, MA.

Adventure Travel Leadership training Nov. 2-4 in Charlton, MA

Take your leadership skills to different parts of the world by becoming an AMC Adventure Travel Leader! This workshop provides important training to people who have AMC chapter leadership experience to transition to more complex and longer trips, domestically and overseas.

Emphasis is on planning, marketing, trip management, people skills, risk management, and reporting. Includes procedures and guidelines for researching, proposing, and leading AMC Adventure Travel trips.

Visit this page for more information and to download an application. Questions? Contact Nancy Holland.

2019 Group Sales Reservations

Group reservations are open for volunteer-led trips for the 2019 season! Group sales for the Corman Harriman Outdoor Center in New York opened October 1.

To reserve group space for an AMC trip, call 603-466-8059 or email AMCgroups@outdoors.org. And, don’t forget about the AMC Leader Lodging Benefits! We look forward to seeing you at our lodges and huts next year.
Volunteer of the Month:
Paul Corriveau

By Bernie Meggison, Biking Chair

Each month the AMC-SEM recognizes one of our amazing volunteers. We are so fortunate to have people give their time, energy, and resources to make our chapter one of the best! This month the Biking Committee recognizes Paul Corriveau for his numerous contributions.

Paul is a long time AMC-SEM leader. He is out on his mountain bike almost seven days per week, and he knows all the hidden jewels of the off-road trails on the Cape. Even experienced MTB riders are amazed at his knowledge of each individual trail.

This season, Paul has lead almost ten rides in the woods and trails. The feedback from riders is 100 percent positive. He has a few more rides up his sleeves for October and beyond.

Paul’s efforts have awakened a whole new group to our SEM cycling community. Congratulations, Paul! Thanks for your support!

Paul will receive a Volunteer of the Month Certificate and a $50 gift card.

New 2019 rules for 100-mile patch, but time to finish in 2018

By Mike Woessner, Hiking Chair

Register now for your 100-mile patch for 2019! Registration is simple: just send an email with your name to hikingchair@amcsem.org.

The AMC-SEM Hiking Committee awards a patch to SEM hikers who hike 100 miles. The spreadsheet on our web site (amcsem.org) documents the hiking mileage. To qualify you must be a member of the SEM Chapter of the AMC. Only AMC-led hikes (any chapter) count. Mileage starts at the beginning of the calendar year.* Enter your mileage and identify your hikes on the spreadsheet, which can be found under HIKING on our web site. The tracking of your mileage is based on the honor system. After completing your miles, send an email to the hikingchair@amcsem.org to receive your patch.

*Rules have been changed by the Hiking Committee. Starting 2019, you must complete your miles within the calendar year. So if you already have close to 100 miles this year, get out and finish to be “grandfathered” in.

AMC award nominations due Nov. 15

Nominate a fabulous AMC volunteer for a club-wide award. Nominations for AMC’s volunteer awards—Volunteer Leadership, Distinguished Service, and Joe Dodge—are due on November 15, 2018. Visit outdoors.org/awards for more information, and click the button below to submit a nomination!

Sign up early for 2019 weekend at Noble View Outdoor Center
By Paul Brookes, Noble View Weekend Registrar

This year the SEM Chapter puts on its sixth annual winter weekend at Noble View Outdoor Center in Russell, MA, about two hours west of Boston. As in past years, it is being held the second weekend of February (Feb. 8 through 10, 2019). I have attended three of the Noble View weekends and each has been relaxing and renewing, amongst the company of good people. I highly recommend it. This year I have offered to help put it together, and I wanted to tell you a bit about it from a mashup of my prior years’ experiences.

Noble View itself is an amazing hidden gem. It is one of the AMC’s larger land holdings. Located on 358 acres atop a quiet, pristine mountaintop, it offers great views of the Pioneer Valley to the east of Mount Wachusett. From the deck of the cottages, the hill offers a great sledding area before the tree line starts. The trails wind through quiet woodlands, passing cellar holes, brooks, and a pair of stunning waterfalls.

One great aspect of the location is a paved and plowed access road that allows you to drive right up to the Noble View center, unpack, and then park your car 100 yards back down the road in a convenient and safe parking lot on the Noble View property. If you’re new to winter activities, this is a great way to experience cross-country skiing, snowshoeing or winter hiking without the additional challenge and stress of having to backpack all your food and equipment up to your base camp.

The center boasts three buildings: two modernized cottages with electricity and woodstoves (that keep the cottages toasty) and a heated bathhouse with composting toilets, hot showers, and running water for cleaning dishes. It’s all quite comfy. The chapter reserves all rooms in both cottages for the weekend, so we have the place to ourselves.

People arrive any time after 3 pm Friday, depending on when they get out of work. I try to get there early, unpack, choose my room, and head for the main cottage, which includes the kitchen, to meet people as they arrive. On Friday night there is no fixed time for dinner, so those arriving late after work don’t miss out. Hot food is available in the kitchen throughout the evening for people to grab when they get there. For all other meals, we sit down and eat together.

Later Friday evening one of the leaders presents the organized activities that are available, as well as the logistics of Noble View. There is no on-site caretaker, so we pack out what we bring in and keep the woodstove running. The cottages remain toasty.

On Saturday we get up for a hot breakfast and then people prepare for their morning activities. In years when there’s enough snow, a snowshoeing hike is offered as well as cross-country skiing. We take different trails, so those snowshoeing don’t mess up the (hopefully) pristine snow for the cross-country skiers. The activities have always been well-organized and led by experienced SEM leaders. We go at a pace comfortable for all, and no one is talking about mileage or conditioning.

Due to the relatively low elevation, over the years we have been able to explore trails that are snow-covered, icy, or free from snow and ice. It doesn’t make a difference; we always have a great time.

Most people take part in one of the organized activities (bring your own equipment), but others choose activities of their own or simply sit in front of the fire and read. That’s what I love about Noble View: It’s relaxed, unpretentious, and easy-going.

Continued on page 9
Noble View weekend

Continued from page 8

After the morning activity, we return to the cottage for a hot lunch that the volunteer cooks (amazing people) have been preparing. This year Sandy Santilli and Hadley Donaldson will be our cooks. A hot lunch after a morning’s hike warms the body and renews the spirit.

After lunch and a short time to recoup, those who choose an afternoon activity start kitting up again. The leaders will take us on different trails. Some years we go down and view the frozen Big Pitcher and Little Pitcher waterfalls, a stunning sight in the winter.

After returning from the afternoon hike, it’s social hour before dinner. Some people go to their bunkrooms to rest; others bring out their own wine or beer and share appetizers in the two comfortable lounges or the kitchen area. With the fire roaring and folks regaling one-another with our stories; laughter is heard throughout the cottage.

Saturday dinner has been a sumptuous affair or, at least after a long day hiking, it has always seemed that way. Once again I feel the cooks have outdone themselves.

After dinner, if the sky is clear, I grab whoever will come with me to go out star-gazing. The mountaintop is pitch black and the stars can be amazing. I see others heading off to yoga, offered by Jeannine Audet. Some hardy souls are heading out for a short headlamp night hike.

I get back from star-gazing to find the cottage settling down, with small groups chatting on the sofas with glasses of wine, another group focused on a jigsaw puzzle spread on a table, and another group laughing loudly as a tall Jenga tower comes crashing down.

As the evening wears on, people slowly start heading up to their rooms. After a while I head upstairs to my room, which I share with two others, and get ready for bed after a long and enjoyable day.

The next morning we get up for a hearty breakfast and then head out for our chosen morning hike, snowshoe trail, or cross-country ski. After we return from the morning activity, lunch is laid out. It is “leftovers Sunday.” I pick some of my favorite leftovers and sit down with my hiking companions at one of the common tables.

During lunch one of the leaders thanks those who helped and goes over with us the sweeping and cleaning we need to do to leave the place in good shape for the next crew. All food must go, so I grab some for the car and set off for the drive back home, thinking to myself, “Wow! What a perfect winter weekend!”

This is a fun; relaxing weekend, and I highly recommend it if you’ve not done Noble View before. If you have, then come again and keep the great spirit going. The registration fee of $105 per person for AMC members or $115 for non-members is the same as last year. You can’t beat that for two nights’ comfortable lodging and hot meals from dinner Friday night to lunch on Sunday.

If you’re interested in attending the Noble View weekend, email me at PaulBrookes1966@outlook.com. I’m the registrar. I recommend you register sooner rather than later, as in the past it has filled up fast.

Sun., Oct. 28. Presentation on Backpacking the Appalachian Trail 100-Mile Wilderness, First Parish of Norwell, 24 River Street, Norwell, MA. 7pm - 8pm. Registration is not required Overview: In mid-August of 2017 Dexter Robinson along with Bill Vickstrom, Bryan Jones, and Joe Marrone backpacked the Maine Appalachian Trail 100 mile wilderness. The 100 mile wilderness is generally considered the wildest section of the entire 2187 mile AT that runs from Springer Mountain, Georgia to Mt. Katahdin, Maine. This trail section is one of the more challenging to navigate and traverse and includes backpacking over a mountain range and numerous stream crossings. The trail offers a wide variety of trail conditions from a gentle walk in the woods to boulder fields, In this presentation Dexter Robinson will share his preparation and experience backpacking this section of the AT using a gear display, photos and video clips. Sat., Nov. 3. SEM Winter Hiking Workshop, Bourne Community Building Cafeteria 239 Main St. Buzzards Bay, MA. In the winter months, many of us think about going skiing or escaping to somewhere warm, but have you thought about winter hiking and snowshoeing? Do you like to be active and outside, but the thought of getting cold keeps you indoors? Then come join us for an informative afternoon that will change your mind about hiking and being outdoors in the winter months. You will learn about necessary clothing and gear, nutrition and hydration requirements, winter conditioning, winter issues and how to avoid them and why we love to hike in the winter. The workshop is free to all and is a prerequisite (or prior winter hiking experience) to join us for the SEM Winter Hiking Series. The workshop runs from 12:30-3:30 with clothing and gear demonstrations. Light lunch/snacks will be provided. After the workshop, join us for the SEM Annual Meeting/Dinner at the Bay Pointe Club in Buzzards Bay (registration is separate- see listing). Tue., Jan. 1. White Line the Blue Hills hikes, Blue Hills, MA. For the fifth year, this popular series will run from the Winter Solstice to the Spring Equinox. We meet on Tuesday mornings at 10 am and hike trails in the Blue Hills Reservation for 3 to 4 hours. We hike at a moderate pace, perfect for hiking and chatting at the same time. We stop for lunch on the trail when the weather is not too cold or eat as we walk during cold weather. This is a social group but also serious about winter hiking safety: we hike together, wait at intersections and watch out for one another. The first hike is on Jan 1 and the last hike is March 19. Since the first hike is on New Year's Day, for this hike only, we will be meeting earlier (9 am) and hiking for only 2 hours. Register once and then come when you can. We hike different trails each week and start from different locations. Registered participants will be emailed the location of the next hike during the prior week. Winter hiking clothes, insulated hiking boots, and stabilizers such as micro-spikes are required on all hikes. Snow-shoes must be brought to the trailhead after the first major snowfall. All hikers are expected to bring a backpack with sufficient water, lunch, extra layers and a first aid kit. A complete clothing and equipment list will be given to you during registration. For the safety of those driving, hikes will be canceled during active snow-storms. In addition, hikes may be canceled during heavy rain, excessive cold or simply unpleasant weather. People new to winter hiking are welcome and encouraged to register; you will also be asked to attend the excellent SEM winter hiking workshop on November 3. If you have a scheduling conflict you can attend any winter hiking workshop with any AMC chapter. One of the hike leaders will have a Yellow Lab with him, no other dogs are allowed. We hope you consider this winter series; it's pleasant hiking without bugs, social and an effective way to keep fit during the long winter. For the safety of those driving, hikes will be canceled during active snow-storms. In addition, hikes may be canceled during heavy rain, excessive cold or simply unpleasant weather. People new to winter hiking are welcome and encouraged to register. You will also be asked to attend the excellent SEM winter hiking workshop on November 3. If you have a scheduling conflict you can attend any winter hiking workshop with any AMC chapter. One of the hike leaders will have a Yellow Lab with him, no other dogs are allowed. We hope you consider this winter series; it's pleasant hiking without bugs, social and an effective way to keep fit during the long winter. HIKING

Tue., Feb. 26. White Line the Blue Hills hikes, Blue Hills, MA. For the fifth year, this popular series will run from the Winter Solstice to the Spring Equinox. We meet on Tuesday mornings at 10 am and hike trails in the Blue Hills Reservation for 3 to 4 hours. We hike at a moderate pace, perfect for hiking and chatting at the same time. We stop for lunch on the trail when the weather is not too cold or eat as we walk during cold weather. This is a social group but also serious about winter hiking safety: we hike together, wait at intersections and watch out for one another. The first hike is on Jan 1 and the last hike is March 19. Since the first hike is on New Year's Day, for this hike only, we will be meeting earlier (9 am) and hiking for only 2 hours. The last hike of the series will be a shorter hike followed by a social lunch at one of the local restaurants. Register once and then come when you can. We hike different trails each week and start from different locations. Registered participants will be emailed the location of the next hike during the prior week. Winter hiking clothes, insulated hiking boots, and stabilizers such as micro-spikes are required on all hikes. Snow-shoes must be brought to the trailhead after the first major snowfall. All hikers are expected to bring a backpack with sufficient water, lunch, extra layers and a first aid kit. A complete clothing and equipment list will be given to you during registration. PADDLING

Wed., Oct. 24. Paddle The Herring River, north, West Harwich, MA. Paddle upstream to Coy Brook and up Coy Brook as far as the tide allows. Then paddle through the East Reservoir to the Herring River to lunch at North Road bridge. After lunch we’ll paddle to the West Reservoir to see herring run and then return downstream for an 8 to 9 mile paddle. It’s usually very colorful in the fall with lots of birds. Wear a PFD, bring a spray skirt in case of wind, bring water & lunch. L Paul Corriveau (paulcorri@gmail.com) CL Jean Orser (jeanorser@gmail.com), R Jean Orser (jeanorser@gmail.com)
