

## **FallFest 2021 Coming this October 18-23!**

AMC's first ever FallFest event will be taking place this October in place of our Annual Fall Gathering. We aim to provide opportunities for learning and networking closer to home. Each evening, starting on October 18th, AMC will host a special guest for an online presentation to discuss one of the many topics related to the AMC community. Each presentation will be followed by an opportunity to ask questions and interact digitally with our guest speakers.

Then, on Saturday October 23rd AMC will host Volunteers and Members at each of 3 locations in AMC's region - Highland Center in New Hampshire, Noble View Outdoor Center in Massachusetts, and Mohican Outdoor Center in New Jersey. Participants will enjoy a barbecue and time to reconnect with folks from across AMC's region in an outdoor setting that allows for social distancing.

This event is being organized in part as a thank you to all of our Volunteers who have stuck with us through the last 2 difficult years and have continued to stay engaged and support the AMC with the work you do. Thank you gifts and door prizes will be available to all those who attend the Saturday barbecues.

Leaders who volunteer to host an activity on that day will receive additional thank you gifts from the Volunteer Relations team. If you're interested in hosting an activity for FallFest please contact [volunteerrelations@outdoors.org](mailto:volunteerrelations@outdoors.org)
